Minutes 1. Welcome/Upcoming Opportunities 2. Barriers in Education 3. Student Progress Report	<p>Students face many barriers in their life. We have identified physical, personal, and educational barriers. Teachers should help them overcome the one that they can make the most impact on which is an educational barrier. That may mean taking extra time letting a student know what they need to work more on without them feeling discouraged or embarrassed.</p> <ul style="list-style-type: none"> • Many sites are facing the same problem when it comes to keeping track of data. • Gale Lee's site came up with a very detailed rubric based on the needs of their own students. He made a copy for each teacher to refer to.
