# 2021 Partner Breakfast

Comprised of seven K-12 school district adult education programs, and the Mt. SAC School of Continuing Education, over 40,000 adults participate annually in Consortium member offerings.

Programs include English as a Second Language, Adult Basic Education, High School Diploma/Equivalency, and Career Technical Education.

Post-secondary transition and employment are the primary outcome goals for our students and service partners are critical to equitable support of student persistence and success. We seek to enhance relationships with organizations supporting various populations including, immigrants, low-income, re-entry, dislocated workers, and adults with disabilities; and service providers related to job placement, basic needs, housing, and mental health access.

Please join us online with your favorite breakfast at this year's virtual event.

We can introduce ourselves to each other and begin (or continue) to work together in support of adult student success.
