Summer is the perfect time to build your kids' minds and bodies while giving them some extra fun. Mt. SAC's College for Kids program does just that. Far more than a summercamp, our program offers a variety of learning experiences, including science, technology, art, writing and much more. All of this takes place in a fun and enriching environment – **classes are offered on-campus and online!**

The College for Kids summer program is designed for 3rd through 8th graders. We offer two sessions, each session is three weeks long and offered consecutively to give you the flexibility to plan your family summer vacation. The program will have four on-campus classes per day beginning at 8:00a.m. and ending at 4:45p.m. and three online classes per day beginning at 1:00p.m. and ending at 4:30p.m.
