

# **Mt. SAC Regional Consortium for Adult Education**

CTE Task Force

Agenda

Friday, December 2, 2016

10:00 a.m.

Marie Callender's – City of Industry

## **1. Welcome to the committee**

Wanda Pyle suggested that we introduced ourselves since we had a guest at our meeting.

Committee introduced themselves and special guest, Councilman, Dan Holloway, City of La Puente introduced himself and spoke to the committee regarding his position and how he felt about adult education – indicating that a few years ago he attended HLP AE as a student in the graphics and web design classes.

## **2. Review of Conference**

Surveys from the conference were handled out to each group for their review. As each group looked over the surveys pertaining to their presentation, the forms were given to Sage, so a summary could be done.

The group discussed the conference and how they felt about the outcome. Most were in agreement that they did a really good job. Even as much as stating that Session 1 got an "Excellent" written on their survey form.

Members felt good about what they presented and the message was there for the entire audience, even if we had to repeat some of the information throughout the three presentations – it was worth repeating.

Members felt that the interaction with the audience was very good.

It was noted that the CTE task group was a big hit at the conference. And that Sacramento and other Consortia are looking at us as a model (consortium). This was a feather in the cap for the consortium and the CTE task group.
